## **Case Study 1: Interior Design Firm**

### **Case Overview**

The client is a Singapore based Interior Design firm specialising in residential and commercial interior segments. Their core services include interior designing, renovation solutions, space management, lighting solutions, décor sourcing, etc.

With a growing number of orders, market demand, customer loyalty and their exceptional design ideas, the client is confident to grow many folds in the Singapore Interior Design market.

In order to expand themselves, they were eyeing on setting up a perfect structure in the form of a company in Singapore. That's when they approached IMC Group for assistance regarding this.

### **Solution Provided by IMC Group**

- ) Identifying ideal business structure
- ) Company incorporation
- ) Employment visa assistance
- ) Corporate secretarial services

IMC Group met the client in person and understood their requirements and concerns. We helped the client in identifying the appropriate business structure considering their scope of work and business goals. We also conveyed to them the advantages of having a company structure in terms of limited liability as well as certain benefits provided by different Singapore Government bodies to companies incorporated in Singapore.

We stood by them right from the inception to the actual business start-up phase. We not only helped them in company incorporation but also extended support for company registration, getting necessary permits and licenses, getting employment visa and secretarial work.

Our services helped the client is smoothly setting up a company in Singapore. Our team of expert technical and legal advisors worked round the clock to ensure seamless incorporating and quick turnaround.
